

PRIVACY POLICY

Information

Information provided pursuant to section 13 of Italian law n. 196 of June 30, 2003 "Personal Data Protection Code". Information is only for mobilestarter.fiamm.com and not for others website eventually linked by the user.

Data Controller

In the process of following consultation of this web site, data pertaining to identified or identifiable persons may be processed. The "data controller" is FIAMM Energy Technology S.p.A., with registered office in Viale Europa, 75 - 36075 Montecchio Maggiore (VI).

Premise where data is processed

The processing operations in connection with the services on this website are performed at the aforementioned office only by staff specifically designated to the processing of data, or by such staff as should be appointed for non-routine maintenance operations. The personal data supplied by users forwarding specific requests will be used for the sole purpose of performing the service or provision requested and will be communicated to third parties only where required in connection thereof.

Types of data processed

Navigation data

Information system and the software procedures for running this web acquire, in the ordinary course of operations, some personal data whose forwarding is implied in the use of the communication protocols of the internet. This type of information is not collected for the purpose of being associated with identified interested parties; on account of its nature, however, by processing and reference to data held by third parties, it may lead to the user being identified. These data are used for the sole purpose of obtaining anonymous statistical information on the use of the website and to verify that it functions properly.

Data provided by the user on his own initiative

The optional, specified and voluntary forwarding of electronic mail to the addresses shown on this website entails the subsequent acquisition of the sender's address, needed to reply to enquiries, as well as any further personal data entered in the mail.

Cookies

The session cookies are strictly connected to optimize and guarantee the best navigation of the whole site range. Incidental other websites "linked" by the users might contain tracking system unrelated to the site holder.

Google Analytics

This website uses the external web analytics service provided by Google Analytics, that uses Javascript technology to help the website to analyze how users use the site. Information generated on the use of the website by user (including your IP address) will be transmitted to and stored by Google Analytics servers. Google Analytics will use this information for the purpose of evaluating the usage of the website, compiling reports on website activity for website operators and providing other services relating to website activity and internet usage. Google Analytics may also transfer this information to third parties where required by law or where such third parties process the information on behalf of Google Analytics. Google Analytics will not associate your IP address with any other data held by Google Analytics. By using this website, the user agrees to the processing of personal data by Google Analytics for the purposes set out above. To consult the privacy policy of Google on the Google Analytics service, please visit the website "<http://www.google.com/intl/en/analytics/privacyoverview.html>". To learn about the privacy policies of Google please visit the website "<http://www.google.com/intl/it/privacy/privacy-policy.html>".

Facebook

Our website contains programs (plug-in) of the social network "Facebook" which are managed exclusively by Facebook Inc., 1601 S. California Ave, Palo Alto, CA 94304, USA ("Facebook"). The plug-ins on our site are recognizable by the logo "Facebook". Visiting a website that contains a plug-in like this, your browser will automatically connect to the Facebook servers; the content of the plug-in is sent to your browser which integrates it in the web site displayed. In this way, the information related to your visit to our website is transmitted to Facebook. If during your visit to our site, you also open your Facebook account, Facebook is able to combine the visit to our site with your account. Through the interaction made by plug-ins this information is transmitted directly to Facebook where it is stored. However, if you want to avoid this data transmission, then you'll have to get out of your Facebook account before visiting our site. The purpose and scope of the data acquisition by Facebook, as well as the further processing and use of your personal data and concerning your rights and settings to protect your privacy are described under Privacy section on the Facebook website "<http://www.facebook.com/about/privacy/>".

Optional provision of data

Without prejudice to the instructions provided with respect to navigation data, the user shall be free to decide whether or not to provide personal data, should it be so requested in special sections of the site. However, failing to provide such data may result in us being unable to fulfil your request.

Processing methods

Personal data are processed by automated means only for such time as is strictly necessary to fulfil the purpose for which they are being held. Appropriate security measures have been taken against accidental loss of the data, unauthorized or unlawful uses and unauthorized access.

Rights of the parties concerned

Pursuant to section 7 of Italian law n. 196/2003, the parties to whom the personal data refer may at any time request confirmation that their data is being held, be notified of the contents of such data and their origin, verify whether they accurate or request that they be completed, updated, corrected, erased, demand that they be made anonymous or demand that data held in violation of law be blocked, and such parties may also object, for legitimate reasons, to the data being processed.

Any request should be addressed to FIAMM Energy Technology S.p.A.
